

RED ROOSTER LIFTING

RAISING EXPECTATIONS

Make **Red Rooster Lifting**
your **No.1** choice for
Safer & Smarter **Lifting**

Supplying global industry with high quality **lifting** equipment solutions

Our vision at **Red Rooster Lifting** has been clear from day one; to be your lifting partner of choice; to look after every one of your lifting and load measuring requirements; getting you the equipment you need, when you need it at competitive rates.

Over **90%** of our customers rated our quality of service as outstanding.

100% of our customers were satisfied with how well we do on pricing and reliability.

We're synonymous with versatile lifting solutions delivered by a responsive, knowledgeable team with an unrivalled reputation.

About

For over 30 years **Red Rooster Lifting** has specialised in the supply, rental and servicing of **the best** powered lifting and load measuring **solutions** in the world

We are continually improving our designs and quality systems to ensure the products and services we supply are of the highest quality. We are investing in technology to streamline production and importantly we are investing in our people to promote awareness, responsibility and exceptional customer service.

We are nothing without our people who are all equipped with the product knowledge and expert support to quickly confirm suitability, availability and pricing for all of your lifting requirements.

Our product range covers Red Rooster air hoists, EMCE winches, KITO electric hoists, KITO manual hoists, GEBUWIN hand winches and Red Rooster load measuring equipment.

We have been involved in many global lifting projects over the last 30 years including the substantial Claire Ridge and Culzean offshore installations along with two very different challenges for us, the new Queensferry Crossing in Scotland and St Pauls' Cathedral bell restoration in London.

30 YEARS OF RAISING EXPECTATIONS

Services

Your **No.1** choice for safety, service, quality & integrity

On completion of every hire the equipment is inspected, dismantled, refurbished and function tested prior to return to store. For every new hire, the equipment is prepared as per the customer's specification and then tested again before dispatch.

Leave your plant maintenance to the specialists; Red Rooster Lifting can provide you with full technical backup, advice on installation, assistance with breakdowns, a fully stocked parts service or a full repair and testing service.

We are specialists in the repair of powered hoists, winches and load measuring equipment; guaranteeing you a quality turnaround, from examination to quote and returned fully certified and repaired.

Design

Bespoke lifting solutions, equipment and accessories designed and manufactured to the highest standard to meet your requirements.

Rental

An extensive rental fleet of over 400 air hoists, winches, load cells and high capacity manual hoists.

Sales

Specialist sales team equipped with knowledge and experience to provide the best lifting solutions globally. Prompt quotation and competitive prices guaranteed every time.

Service, Repair & Testing

Certified servicing, repair and testing of your powered / manual hoists, cranes, winches and load measuring equipment.

SAFER & SMARTER LIFTING

Products

The best products, available quickly, at competitive rates from a **lifting partner** you can trust

Product Development

We are constantly striving to deliver better products and services that create value for our customers by investing heavily in R&D. We have recently developed and launched an innovative range of lubricant free hoists in response to demand from the food and chemical sectors who needed 'ultra clean' emission levels.

If you are looking for a partner that has the knowledge and experience to design, manufacture and supply the best custom lifting solutions then please contact sales@redroosterlifting.com.

YOUR **LIFTING** TEAM
